## health and nutrition Health and Nutrition questions

Posted by Georgios Charatzoglou - 2008/11/18 09:08

---

Hi! I am chartz; this is my user name that is. I have two questions. 1. How can I delete all the news messages? I do not see any Delete button. And there are more than 2500 news messages there. 2. Where can I read any news, opinions, etc or where can I have a discussion with other users about health and nutrition? I would appreciate anybody's help. chartz Also known as George Charatzoglou Long name, right?

2. Where can I read any news, opinions, etc or where can I have a discussion with other users about health and nutrition? Go to <http://www.dejanews.com> and use the Interest Finder. Enter the keywords health and nutrition. You will get a list of groups where those words have been mentioned. Read those articles and choose some newsgroups that look interesting. barbara
